

# MetPlant 2017

Metallurgical Plant Design and Operating Strategies – World's Best Practice

11–12 September 2017 | Perth, Western Australia

MetPlant conferences bring together engineers (design and construction of metallurgical plants), metallurgical managers and planners, senior operations metallurgists, metallurgy managers, equipment designers and suppliers, and consultant and research metallurgists.

MetPlant conferences have established a high reputation for the quality and relevance of the technical papers presented and the conference networking opportunities.

## STILL ACCEPTING ABSTRACTS

Email the conference convenors asap if you wish to discuss an idea for a possible abstract. The program is filling quickly.

### Conference Convenors

LIVING YOUR PASSION

## SPONSORSHIP AND EXHIBITION OPPORTUNITIES

Attractive sponsorship packages (some including exhibition booths) are available.

The MetPlant exhibition will provide excellent opportunities for sponsors and exhibitors to network with engineers, operations managers, metallurgists, consultants and other delegates. All conference catering will be served in the exhibition area immediately adjacent to the conference.

To discuss opportunities, develop a package to suit your budget, or to discuss any enquiries, please contact the conference convenors.
