## NOTE THE CONFERENCE DATES IN YOUR DIARY

MetPlant conferences bring together engineers (design and construction of metallurgical plants), metallurgical managers and planners, senior operations metallurgists, equipment designers and suppliers, and consultant and research metallurgists.

MetPlant conferences have established a high reputation for the quality and relevance of the technical papers presented and the conference networking opportunities.

## SPONSORSHIP AND EXHIBITION OPPORTUNITIES

Attractive Sponsorship packages (some including exhibition booths) are available. Showcase your business at the conference and register your interest in sponsorship today!

The MetPlant trade exhibition will provide an excellent opportunity for companies to network and interact with delegates. Conference lunches and coffee breaks are held in the exhibition area. The exhibitions at MetPlant 2013 and 2015 were sold out long before the conference. To discuss opportunities, develop a package to suit your budget, or to discuss any enquiries, please contact the conference convenors.

## CONFERENCE CONVENORS

David Pollard, telephone: +61 8 8362 5545  
Email: [metplant@internode.on.net](mailto:metplant@internode.on.net)  
Janine Herzig, mobile: 0410 220 355  
Email: [janine@metval.com.au](mailto:janine@metval.com.au)

## EVENT MANAGEMENT: The AusIMM

For all enquiries please contact:  
Rachel Magill, Senior Coordinator, Events  
Telephone: +61 3 9658 6128  
Email: [rmagill@ausimm.com.au](mailto:rmagill@ausimm.com.au)

**AusIMM**  
THE MINERALS INSTITUTE

## CALL FOR ABSTRACTS – Now Open Submission Deadline: 28 November 2016

### CONFERENCE THEMES

The conference themes include:

- geometallurgy, mineral processing, hydrometallurgy, biometallurgy and pyrometallurgy
- design of metallurgical plants – greenfield, brownfield and expansions
- feasibility studies
- project management
- process and equipment selection
- construction and commissioning
- whole of life planning and operations
- control and instrumentation
- case studies of optimised operations
- management strategies
- green processing case studies
- water & tailings management
- energy efficiency
- emissions management
- care & maintenance case studies
- closure and rehabilitation

Case studies and discussions on world's best practice in plant design and plant operations are actively encouraged.

## SUBMISSION OF ABSTRACTS

Interested authors are invited to submit an abstract, not exceeding 300 words and in English, to the MetPlant 2017 speakers' portal available via the conference website, [www.metplant.ausimm.com.au](http://www.metplant.ausimm.com.au).

Abstracts must be submitted with the name of the corresponding author, affiliation and contact details – email and telephone.

To discuss your ideas for possible abstracts please contact the convenors at [metplant@internode.on.net](mailto:metplant@internode.on.net)

[www.metplant.ausimm.com.au](http://www.metplant.ausimm.com.au)
